Best tourist spots in Cagliari

BASTIONE DI SAINT REMY

The Bastione di Saint Remy is an imposing monumental structure located in the heart of Cagliari, in the Castello Quarter. Built at the end of the 19th century, it stands on the ancient medieval walls and offers a panoramic terrace overlooking the city and the port. It is considered one of the symbols of Cagliari.

THE CASTELLO QUARTER

Castello is perched on a hill, its sides reinforced by massive white limestone walls. It's best explored on foot, savouring the narrow streets. The bastioni is one of the main centres of the city's evening and night life

THE MUSEUM CITADEL

The museum complex is home to some of the city's main collections. The star attraction is the Archeological Museum, with findings from all over Sardinia

BOTANICAL GARDEN

The city's Botanical Garden has an important botanical collection as well as archeological remains. It was opened in 1866, in the area of the Roman city, and still preserve a huge water cistern caved out of the rock

POETTO BEACH

One of Cagliari's gems: a wide strip of sand stretching for 7 km between the azure sea and the pink-coloured salt pans.
